

ANNEXATION APPEARS INEVITABLE

Annexation of I. D. 77 by Stony Plain Municipality appears to be almost a certainty and notice to this effect is expected to appear in the Alberta Gazette on September 30th.

Mr. Ralph Jespersen, MLA for Stony Plain Constituency, attended a dinner meeting Monday noon with members of Town Council and I. D. representatives and confirmed the local suspicion. Although he did not state definitely that the annexation was forthcoming, he said he felt it was likely.

Mr. Jespersen said that although he agreed with the proposal by Stony Plain M. D. to seek county status, he did have reservations about the

boundaries of the new county.

It was pointed out to Mr. Jespersen by Town Council members that the Town of Drayton Valley, although it has no voice in county affairs, has a considerable stake in the matter. The town now, he was told, offers all manner of services of a professional and business nature throughout a wide area but is not able to handle municipal matters or health affairs for people who do business here but live within another Health Unit only a few miles from this community.

Drayton Valley, it was pointed out, is in the unfortunate circumstance of being on the extreme boundary of all existing divisions and Town

Council feels strongly that boundaries should be revised in light of the areas of influence of major communities.

Mr. Jespersen agreed that a revision of boundaries was necessary but felt that it was too late now to have any effect on the annexation proposed by Stony Plain M. D.

Representatives of the I. D. are upset by the turn of events and claim they were assured two or three months from the date of the July meeting with officials of the Department of Municipal Affairs in which to prepare their counter-proposal.

They also stated at Monday's meeting that they were told by the Department of Municipal Affairs twelve days previously that their only

hope rested with the M. L. A. This came as a surprise to Mr. Jespersen who said he felt there was nothing he could do at this time to alter the process of annexation thought to be already underway.

Several of those present at the meeting expressed bitter resentment at what they considered a trampling of the democratic process in view of the fact that three meetings in the area had recorded unanimous opposition to the annexation plans of both Stony Plain M. D. and Leduc County.

Although not optimistic about its chances of success, Mr. Jespersen assured the meeting that he would take up the district's grievance with government officials.

Graduation Exercises Held At Frank Maddock High

Graduation exercises at Frank Maddock High School in Drayton Valley Friday, September 20th, marked the end of one phase of the journey through life for thirty-five members of the class of '68 who go on to new challenges in higher education and the busi-

ness world. Events of the full day started with the graduation exercises and presentation of diplomas at the high school at 2:00 p.m. followed by a banquet in the Elks Hall at 6:30 p.m. Events of the day ended with the annual ball in the high school auditorium.

Parents and guests were welcomed to the afternoon ceremony by Principal R. H. Woods after the processional by graduates to their seats on the stage in the beautifully decorated auditorium.

Rick Bright introduced the Valedictorian, Larry Metelski who stated that the greatest problem facing the generation about to enter the adult world was that of keeping Quebec in Confederation. He urged his class to rise to the challenge of preserving national unity in the days ahead.

The need for leaders dedicated to preserving national unity was also expressed by the guest speaker for the afternoon, Mr. Bruce Hogel, Manager of CFRN TV News and Public Affairs Division. Mr. Hogel was introduced by John Braybrook, President of the Students' Union.

"No country," Mr. Hogel said, "is better than it's citizens." Canada's present need, he said, is young people dedicated to Canadianism and prepared to work together to overcome the problems facing the country.

Julie Wilner presented Mr. Hogel with a souvenir bottle of Cardium crude oil as a memento of his visit here. Entertainment for the afternoon was provided by Carole Kruger who sang "I Could Have Danced All Night", accompanied by Mrs. Braybrook.

A first was recorded by the class of '68 with the presentation of a framed picture of class and staff members to Mr. Woods by Bill Hansen. The hope was expressed that this might start a tradition followed by graduating classes of the future.

Activities of the afternoon were climaxed by the presentation of the diplomas by Mr. Frank Maddock, Chairman of the Stony Plain School Board and Principal R. H. Woods. Mr. Maddock also presented

will endeavor to increase communication with residents of their constituencies and hope for similar action by members of the opposition. Mr. Sulatycky, Liberal Member of Parliament for Rocky Mountain Constituency, urged constituents to keep in touch with himself and the Member of the Alberta Legislative Assembly by mail or phone. He stated that he would visit communities throughout the riding as often as possible during the next four years. Saturday's visit to

Involvement by Constituents Urged

A greater involvement in federal affairs by people in all walks of life was urged by M. P. Allen Sulatycky at a luncheon meeting in Drayton Valley Saturday noon.

Speaking to a group of about twenty persons in the Cardium Room, Mr. Sulatycky stated that much of the present unrest in many countries around the world came about because people felt they were alienated from the government.

The present government, he said, hopes to get closer to all Canadians by involving them in a "participatory democracy". Government M. P. s

Unification Could Help Pollution Problem

A strong move to support the creation of a unified and powerful pollution control organization is expected to be made in Hamilton next month at the annual meeting of the Canadian Institute on Pollution Control. The organization could prove the factor that would put Canada far ahead in the clean air-clean water area.

On the agenda is an item seeking membership support in the creation of a national pollution control body that would bring together all the many anti-pollution organizations in Canada.

The effect of the move would be the creation of an influential group at the federal, provincial and municipal government levels, an educational organization and perhaps even a quasi-regulatory body which, through moral persuasion, would attempt to prevent agencies from making "pollution deals" in order to attract industry.

There are so many different organizations now involved in the various aspects of pollution control activities that their uncoordinated efforts are dissipated. The creation of one

effective group is likely to accomplish far more in a shorter time than the best efforts of many groups working at cross purposes.

Ambulance Needed For Drayton Valley?

The need for a Drayton Valley-based ambulance was brought into graphic focus at a recent tragic accident just north of the town. On this occasion private automobiles were pressed into service to carry the injured to hospital.

Though it may not have applied in the accident mentioned above, the day will likely arrive when a life that might have been saved will be lost because proper equipment is not available promptly at a road, farm, residential or industrial accident.

A properly equipped community-owned vehicle standing by with a number of trained operators (possibly police or firemen) might be the means of someday saving the life of anyone reading this column.

Our community has many times in the past proved its ability to rise to the challenge of worthwhile causes. Perhaps we should be looking at this one.

Wrestling Card Saturday Night

The International Tag Team Championship will be on the line at the Centennial Civic Centre on Saturday, evening, September 28 when Ray and "Bud" Osborne defend their title against the formidable team of Rudy Kay and Vic Rasetinni on the Rotary sponsored wrestling card. This match will be the best of three falls with a 60 minute time limit.

"Bud" Osborne, known to the mat world as the "Feroocious Bulldog", weighing around the 280 pound mark, is a rugged and colorful performer who is a veteran of more than twenty years in the wrestling ring. Ray Osborne is also a veteran wrestler of the rugged school. Although somewhat lighter than his brother, weighing in at 238 pounds, Ray is a proven performer who has met the best in the game over the past decade.

Earlier this year the Osbornes won the International Tag Team Championship from the

famous Christie Brothers in a gruelling match in Calgary. They have defended this title several times since against the best tag teams in this country and in the United States. Saturday, the Osbornes face a newly formed team in the persons of Kay and Rosetinni. These two, however, have been working very effectively in the past few weeks and have several outstanding victories to their credit as a team.

In the Main Event of the evening "Crusher" Stan Stasiak from Arvida, Quebec, a fear some 286 pounds of bearcat who stops for nothing, nor for anybody will go in against Harvey "Buck" Jones, a youthful wrestler from Edmonton, formerly from Drayton Valley, who is rapidly making a big name for himself in the mat world.

This will be a 2 out of 3 fall match with a one hour time limit.

In the other two out of three fall affairs of the evening that popular veteran from Calgary, John Foti will face none other than Bob Sweetan, known in some mat circles as "The Viking". Sweetan is a first class villain and will give the veteran Foti a rough evening.

In the opener, Chuck McCracken, who needs no introduction to Drayton Valley fans will go against Boris Hogg of Detroit, Michigan, in a one fall thirty minute match.

Come out and enjoy an evening of professional wrestling and in so doing help your Rotary Club in its service to this community. This is the first such show that the local Rotary Club has sponsored for some time and with such a star spangled card hopes are high for an action packed evening from the opening bell until the last cheer (or boo) has died away.

Well, our killing frost has come and gone but there is no sign of the weather clearing up and getting a bit warmer so it will be more pleasant to go clean the frozen trash from the garden sites. It will certainly be a pleasure when we have reasonable weather again.

We wish to greet a little newcomer to the home of Mr. and Mrs. Gary Lorenz this week. This is Gary and Maryann's first little one, and of course they are mighty proud.

The 4-H club held a committee meeting at our place to finalize plans for the Annual Achievement Day for the Field Crops Club and the banquet which involves the Beef and Sewing Clubs.

Work has again begun on the Centennial Arena. It is hoped that it will have progressed far enough this year so the skating rink can be put to use.

A group of parents met at the Village Office on the 18th to discuss the forming of a new group committee so the Cub Pack may be able to keep on meeting. A meeting of all interested parents is being called for October 3rd and will be held at the Evansburg school.

This year the teachers at the high school have begun an evening program of sports and general entertainment for the students. The students who wish to take advantage of the gym facilities for a couple of hours may do so any evening from seven till nine.

Grade one pupils at the Drayton Valley Elementary School are shown here examining a miniature set of traffic control lights donated to the school by J & A Trucking to help youngsters learn safety habits. John Zukowski (R) made the presentation for J & A with Chief Constable Bob Doig looking on. Construction Started In New Subdivision

Progress of the new subdivision in the northern end of town was reported at the last regular meeting of Town Council held September 12th.

Council was informed that as of the meeting date five lots had been sold and considerable interest shown in the area by prospective home owners.

Lots in the new subdivision located in the SE corner of SW 1/4 16-49-7-W5, known as lots 1 to 36 in Block 25 and lots 1 to 4 in Block 56, are being sold at \$1,000 per lot which includes prepaid water and sewer frontages.

Four lots, 8, 10, 11, and 12 in Block 55 have been purchased by Superior Construction Ltd., and the first house started on Monday, September 16th.

COUNCIL BRIEFS

Council agreed that the recommendation about traffic control at 52nd Avenue and 52nd Street (bus depot corner) by Pan American Safety Committee be turned over to the Traffic Committee for consideration and if found feasible be written into the Traffic Bylaw. The oil company committee suggested better control, possibly with lights, and changes have already been made making a full stop necessary when approaching the corner from either direction on 52nd Street.

Council accepted a bid of \$25.00 from Chester McEachern for a 1955 Chevrolet 1/2 ton truck.

Bylaw No. 420, authorizing the amending of Bylaw No. 398 regarding water and sewer rates was given three readings. The amendment changes the rate structure for some categories of consumers where inequitable

amounts were charged under the previous schedule.

Council gave first reading to Bylaw No. 421 to change the business assessment which it felt was discriminatory in professional classifications. It was felt that total area (waiting rooms, reception area, etc.) was not as just a method of assessment as it is applied in the case of retail outlets. Council members also expressed the feeling that offices occupied only a portion of the week should be considered in a different light.

Council tentatively approved an application to subdivide the SE 1/4 16-49-7-W5 into three 20-acre parcels. This is a 60-acre parcel of land on the eastern outskirts of town.

Dogs are back in the lime-light and Council gave notice that unless owners are prepared to control their pets we can anticipate another spate of all-out dog control. Residents are accordingly requested to keep dogs within the confines of their own property or face the possibility of having them impounded.

The Recreation Board reported need of maintenance in the Centennial Civic Centre. The present motor on the artificial ice plant has apparently been over worked and burned out. Council decided to investigate the possibility of switching the machine over to electric power.

Plans for alterations to the Civic Centre were also presented and approved by Councilors. The alteration would include cutting the present lounge area to half its size to provide two more dressing

rooms accessible by a ramp from the ice surface.

The Police Department report showed fines to be up considerably from previous months.

Council approved a revision in salary for the Town Engineer giving him an increase of \$50 per month, effective September 1st, 1968.

St. Anthony's Church Setting for Ceremony

Miss Terry Durham became the bride of Mr. Rod Hailey in a recent double ring ceremony at St. Anthony's Church, with Father Lynch officiating. The bride is the granddaughter of Mr. and Mrs. Walter Durham of Drayton Valley.

Given in marriage by her father the bride was lovely in a gown of white satin, carrying a bouquet of red roses. Misses Crystal Durham, sister of the bride, and Diane Hailey, sister of the groom, attended as bridesmaids with Miss Penny Meier as maid of honor. They wore identical floor length gowns of green satin and carried carnations. Miss Bonnie Durham, sister

of the bride, acted as flower girl while David McKinley was the ring bearer.

The church was decorated with large bouquets of asters, marigolds and snapdragons. Mrs. Annmari Haack played the wedding music.

Attending the groom were his brother Raymond Hailey, Vic Panchyshyn and Cliff Coward, Art Durham and Harold Rogers ushered the guests to their places.

A dance followed the reception at the Elks Hall. A toast to the bride was given by Harry White.

Out of town guests came from Lloydminster, Calgary, Toffield and Edmonton. The couple will make their home in Edmonton.

In days gone by, spices were luxuries held in high esteem by those who could afford to use them. Before modern methods of preservation were known, spices were extensively used to prevent the spoilage of foods. Today the skilled cook uses spices and herbs to enhance the natural flavor of food - not to disguise it.

Often the difference be-

tween the terms "spice" and "herbs" is confusing. Herbs usually come from annual or biennial plants and are made from the leafy or soft portions. Spices are made from the root, flower, berry or fruit of vegetation which generally has a longer growing period.

Why not try a new spice every week or two. A friend of mine buys one new spice each week and tries it in at least one dish in that week's menu. When using a new spice or herb, add in small amounts; then taste before adding more. A point to keep in mind is that ground spices are more pungent than whole spices as the fine particles can be dispersed more thoroughly through the food. Fresh herbs are less aromatic than dried.

The value of spices and herbs depends on certain fine essential oils, formed during growth. Since these are impaired by exposure to air, dampness, heat and light, packages should be kept

closed when they are not in use. The freshness and quality of spices may be tested by rubbing a little briskly between the palms, then smelling.

A wise man once said that you can judge a man's mind by his book shelf and a woman's cooking by her spice shelf. How about putting a little spice into your meals?

A pamphlet entitled "Using Savory Herbs" is available from my office. It has tips on buying, storing and using herbs.

An old timer is one who can remember when the town square was a place and not a person.

Egg Producers Favor Board

The Minister of Agriculture for Alberta the Hon. H.A. Ruste today announced that 62% of the egg producers who registered to vote, favored establishing an Egg and Fowl Marketing Board in Alberta.

686 of the 904 ballots sent to egg producers who registered with the Agricultural Products Marketing Council were returned. 561 voted in favor of the board, 122 against; there were 3 spoiled ballots.

Chairman of the Marketing Council D.H. MacCallum says the next step is to appoint a 7 man Provisional Board of Egg Producers. The board will be selected by the Marketing Council in consultation with the Commercial Egg Producers Association. The Provisional Board must be replaced by an elected board within 18 months, made up of representatives from 5 designated areas and 2 members at large.

Spartans Lose Opener

The Wetaskiwin Sabres high school football club played the role of spoilers for the hometown FMHS Spartans initial game in the East Central Football League 14-0. In this game the local club was playing well below par of their first two exhibition outings and offered little challenge to the visitors.

On the bright side of the Spartan effort was the continuous fine defensive work of Ken Fink, who without doubt was the game's most outstanding performer. Also playing well for the local twelve were Don Welan, Rick Gabrielson, Ron Astle and Tim Tucker.

The Wetaskiwin quarterback showed excellent ability to call an efficient offence and to execute his plays well.

The Spartan offence lacked the necessary spark for victory, the only success seeming to be a quick opener pass to end Larry Matoon through the centre.

The local high school has again chosen to enter a challenging league and will have to work extremely hard to hold their own. This week they travel to Sedgewick for their second league contest and anyone able to aid the team by providing transportation on Sunday please phone 542-4298.

Ministerial

Elects Officers

The Drayton Valley and District Ministerial Association held its September meeting at the Anglican church on September 20. Two new clergymen, Rev. Owen Isaacson and Rev. Dale Mohr were received into membership in the association.

A new executive was elected for the coming year: President, Rev. E. Martin; Vice-President, Father E. Lynch; and Secretary-Treasurer, Rev. Dale Mohr. The group expressed its thanks to the outgoing officers, Rev. D. Snell, President; and Rev. G. Ingram, Secretary.

A canvass of the town for the Canadian Bible Society is being planned for October 27 to November 3. If possible, a representative of the Bible Society will address the churches on the work of the Society.

A picnic for members and their families has been planned for October 6th at Pigeon Lake. Invitations will be sent to clergy in neighboring areas to attend.

Entwistle Merchants Extend Congratulations On New Shop Opening

On September 30th, 1951, John Oliver moved with his family from Edmonton to open Oliver's Welding in Entwistle. On Saturday, September 28th, almost 17 years later to the day, the new Oliver's Welding Shop will be officially opened.

Plans are underway for an evening of entertainment on the occasion of the formal opening, then back to work with the moving of machinery to start early in October.

Mr. Oliver worked with North West Industry and Byer's Machine Shop in Edmonton before moving to Entwistle where he purchased the business from Mr. Gil Dorey.

The new 30 x 40 foot building will provide Mr. Oliver with much improved working conditions. He hopes that all his customers and friends will drop in on the evening of September 28th for the official opening.

As well as farm and industrial work, Mr. Oliver performs oilfield servicing. He worked on the Pembina discovery well in 1952.

Mr. and Mrs. Oliver have a family of five boys.

During Friday afternoon's graduation ceremony a framed picture of the 1968 graduating class was presented to Mr. Ritchie Woods, Principal of Frank Maddock High School. Mr. Woods is shown here with Billy Hansen (R) last year's president of the Students Union and John Braybrook, the new president.

D. V. Highlights

BY MRS. EDITH DEBY

Mr. and Mrs. Phillip Gambil, of Goodridge, were the week end guests of their son and daughter-in-law, Mr. and Mrs. Lester Gamblin. Mrs. Monahan, Lester's sister, of Edmonton, accompanied her parents.

It is with great regret that we learned that Mrs. Eric Jonzon is a patient in the University Hospital where she underwent surgery on her foot.

Father Scriven was in town for three days last week visiting old friends. He is in charge of the parish at Tofield.

Best wishes for future happiness are extended to Mr. and Mrs. James Haggerty, nee Lorriane Lauer, whose marriage was solemnized in the Drayton Valley Church of God on Tuesday, September 17th.

This has been a very pleasant summer for the L. L. Williams family. A week at Fairmont Hot Springs and a family re-union that brought the Dalton Heylands and family and the Gilbert Mitchells and their family were pleasant interludes. Son-in-law, Gilbert Mitchell has terminated his long association with Halliburtons and is now with Magnachem. Son, Dereld, is in his second year at Calgary Technical School.

Newcomers to our town include: the Larry Kanes-returns, the Andy Jamiesons, the Leo Riveras, the Emille Lusiers, the Armand Fontaines, the Ralph Lamberts, the Edward Gaudettes, the R. Tetreaus, the Vander Wells. Welcome, folks, we hope you'll like our town.

Mrs. Robert Hunter (nee Valerie Urchshyn) and Leslie Ann, are spending three weeks with the Nick Urchshyns while Mr. Hunter is in Toronto on a business trip.

Under the heading "A land-lubber takes to the sea", the September 11th issue of the Edson Leader carried an article of interest to many residents of this district. It tells of the fishing activities of Helmut Wiechert along the west coast. For some years Helmut was engaged in the lumber business but now commercial fishing is his means of livelihood and he loves it. The season lasts from the middle of May until the end of August, and son, Terry, can hardly wait for school to be out so he can join his father. Sounds like a lot of fun and profitable too.

Mr. and Mrs. Charles Haddon visited briefly in Drayton Valley recently. Charlie now has his own garage business in Westlock and since purchasing his plane finds transportation so much quicker.

Mr. and Mrs. Leslie Haddon have had visits from several members of their family lately. Art, Ivy and Jens Jorgesen came for a week end, Mrs. Noel Hallett and family were here from Estevan for a month and Mrs. Ron Stewart and family, of Stewart, B.C. were here for a week.

Louis Lambert Wins Major Bingo Prize

Mr. Louis Lambert of Drayton Valley was the big winner at Friday evening's Lions Club bingo and went home \$500 richer. Mrs. Elaine Home, also of Drayton Valley, won the \$100 prize.

Fifty dollar prize winners were C. Taylor, Evansburg; Mrs. E. Gordon, Drayton Valley; Mrs. Nancy Lussier, Drayton Valley; Mrs. G. Armstrong, Carnwood; Schuyler Durant, Alder Flats; Mrs. Sonia Anderson, Drayton Valley; Danny Nicols, Alder Flats; and Mrs. Marg Balen, Drayton Valley.

Winner of the \$50 door prize for advance ticket holders was Bernice Lambert.

The Lions Club extends its thanks to all who attended the bingo and notes that proceeds will go toward building the new rodeo grounds in the West Valley Park. More details on this venture will be available soon.

A bachelor's life is one undarned thing after another.

Banquet Planned By Pembina Clubs

The Pembina 4-H Crops Club and Lobstick 4-H Club held their regular meetings at the home of Mr. and Mrs. I. Brown in Evansburg on September 13. There were ten members present and fifteen others, including leaders, parents and other 4-H club members.

The meeting was opened by the president Shirley Hutchinson, leading the 4-H pledge. A long discussion followed on the achievement day banquet which will take place on November 8th. It was finally decided to leave the final planning to a committee made up of members from the three clubs who will be having the banquet.

Shirley Hutchinson gave a report on her trip to Montana and first year members Zane Bruner, Mark Gerrard and Kenneth Mazeppa gave a report on "Choosing a 4-H Calf". Meeting was then adjourned and lunch was served.

A meeting of committee members was held at the Bruner home on Tuesday, September 17th to discuss final plans for the banquet. Mrs. Brown is to write for the guest speaker.

The next club meeting will be the reorganization meeting to be held in the Wildwood school.

Last Rites for Evansburg Resident

On September 14, the Legion Hall at Evansburg was crowded to overflowing when many friends of Reginald C. "Reg" Mattice gathered to pay their last respects to one of the dis-

trict's long time resident. Mr. Mattice, better known to everyone who knew him as "Reg" passed away suddenly in hospital after a very short illness. He was 58 years old and had been a resident of the area for the past 56 years. Reg was born at Kneehill Valley, near Innisfail, Alberta where his parents had settled after coming from Ontario. Mr. and Mrs. Mattice, Sr. moved to the Padsto district when Reg was two years old. There they had a sort of stopping house for travellers in those days before the railway was built.

In 1930 Reg married Stella Stadnyk of Stranger and the couple made their home in the Collynie district north of Evansburg. They farmed there for seventeen years, and three a girl and two boys were born to them. They then moved to Evansburg where they have since resided.

During the time they lived in Evansburg, Reg worked for several years for Commonwealth Drilling and then for Ryley Transport. For the past ten years he had been employed at the NADP plant in Evansburg.
